Other Experience

I have lived in Dinant, Belgium from 1993 – 1996; Courchevel, France from 2004 – 2005; St Jean D'Aulps, France from 2005 – 2006. As a result, I am able to speak, read and write French fluently.

I volunteer with the local theatre group, the Sinodun Players, helping as part of the stage crew and lighting team and getting involved with the marketing. This involves long hours, commitment to the group and hourly problem solving.

While happy to work independently I enjoy working as part of a team. I am an active person who likes swimming, rowing and skiing. I also enjoy drawing, reading, photography and creating computer art (websites, t-shirts and other assorted designs).
